Notes:

The Federal commercial quota for the State of Maine has been harvested. Effective 0001 hour, Tuesday, March 30, 1999, fishing vessels with a federal permit may no longer land summer flounder in Maine.

The total quota reflects pounds available for landings in states with quota. States with negative allocations have zero (0) pounds of quota available.

For week ending April 24, 1999, 198 dealers held a federal summer flounder permit. Of those 198 dealers, 161 (81%) have submitted a weekly quota report for the current reporting week. Because Massachusetts dealers submit weekly quota reports directly to the state, they were not included in these calculations.

The following summary is updated as information is received, and may not reflect recent state actions. Readers are urged to contact the appropriate state agency for further information.

These data are the best available to NMFS when this report was compiled. Data are supplied to NMFS by dealers and/or state agencies and may be preliminary. Massachusetts totals are as of week ending April 17, 1999.
